# OUR SUPPORTERS ARE PASSIONATE

What started as a man serving soup out of the back of his pick up truck after losing his son to the streets, is now a fully functioning 501(c)(3) organization who circulates throughout New England offering a hot meal, a hot shower, a fresh change of clothes, and a backpack filled with essential toiletries.

COVID-19 has profoundly complicated our homeless population. Jobs have been lost, depression and subsequent self-medication has resulted into drug addictions, abusive homes have become too dangerous to live - the streets are the safer alternative. These are just a few of the many stories behind the lives of those negatively impacted by the pandemic.

We need the assistance of our supporters now more than ever. The numbers of those in need of our services is growing by the day and we cannot stop until we are able to reach out and assist each and every one of them.

**Our window packages are sure to deliver measurable results. We achieve this by following one simple understanding - *your company has great things to do and say*. When you sponsor a window, we will also write an impactful thank you with a post highlighting your company. Whatever level you choose, we have developed this innovative way to scream your message to the world.**
